Doug,

Thought you might be interested in API's response to our proposed New Owner Audit Program for Oil and Gas (attached). I'll review and share the highlights.

Megan,

It was great to have Michael present at the annual conference. I very much appreciate your support to have him there and I'm glad you were able to join us as well! I know Michael is seeking approval to allow us to share his presentation but thought I'd reinforce the value of being able to share the slides to you as well.

I've attached the comments that we submitted on the New Owner Audit Program. Happy to answer any questions or arrange a call to chat.

Thanks,

Matt

Hi, Matt,

Thanks for including Region 8 in the Annual Conference. We enjoyed ourselves and learned a lot.

On an unrelated note, did API respond to EPA in writing on the proposed New Owner Audit Program for Oil and Gas? If so, would you be willing to share that letter with me?

Thanks, Megan

Hi Megan,

I've copied the link below to register for the conference. Please register so we can track attendees and feel free to share with other staff if you think there's value in having them join us. I've attached a copy of the agenda for the meeting. I will forward this to Michael Stovern as well since he's planning to present for us.

Please let me know if you have any questions. Looking forward to the conference and very glad you're willing to join us!

Thanks,

Matt

Dear Ms. Garvey:

My name is Matt Todd and I'm the Program Director for The Environmental Partnership. I thought I would introduce myself and follow up on the email below from Cindy. We have invited Michael Stovern to present on the EPA studies to better understand pneumatic controller emissions. I hope you support his participation and I'd like to extend an invitation to join us at our conference as well.

Please give me a call if you'd like to discuss. I'm having a chat with Michael tomorrow, the 21<sup>st</sup>, at 2 pm to discuss conference logistics.

Thank you for considering this request.

Matt

Matt – Thank you for this invitation. Although I am very interested in The Environmental Partnership and your collaborative work to reduce emissions, I am no longer the Energy Advisor for EPA Region 8. Megan Garvey is now Doug Benevento's Energy Advisor and she would like to participate in this. Between her and Mike, you all are in good hands!

Thanks and keep up the good work!
